### How do we improve life chances for vulnerable children?

When it comes to preventing underachievement how can schools and healthcare work effectively with assets in the community?

This special event co-hosted by Children North East and North East Wellbeing will explore how innovative practice can be joined up to improve life chances for vulnerable children.

With inspirational content from the Great North Childrens Hospital and civic society pioneers Tyne & Wear Citizens we will be bringing together leading thinkers and innovators from across traditional boundaries to share practical tools for schools, teachers, health visitors, GPs and community leaders.

To book your place please email: [CNEschools@children-ne.org.uk](mailto:CNEschools@children-ne.org.uk)

Please note: this is a not for profit event supported by Children North East and Wilderness Schooling. Organisers reserve the right to make programme changes – we will provide updates on event details.
